DUSEMOND STUDY PROGRAMMES

A big “hello” from all of us in the Dusemond Team!

Dusemond Study Programmes was started in 2015 by Rupert, after 20 years working for a large UK education provider. Since that time, the team has grown to encompass nationalities and expertise from all over the world and this combined passion and experience goes into the programmes we deliver.

Our aim, and the aim of all our staff, is to provide fun, safe, international and educational experiences for all our students and most importantly to send everyone home with conflicted feelings: happy to be going home but sad to be leaving!

If we do this we will feel we have achieved!

Take a look at what we offer and we hope to be welcoming you soon.

CHELTENHAM

Cheltenham, la città dell'arte e dell'acqua, ha un caratteristico fascino inglese e una naturale eleganza indiscutibilmente britannica. È una famosa località termale, nel cuore della contea di Gloucester. Il piccolo fiume Chelt la attraversa sia in superficie che sottoterra. Cheltenham è nota anche per le corse dei cavalli e per i suoi eleganti e caratteristici negozi e giardini.

PUMP ROOM

La più antica struttura termale nel cuore del parco di Pitville

THE WILSON

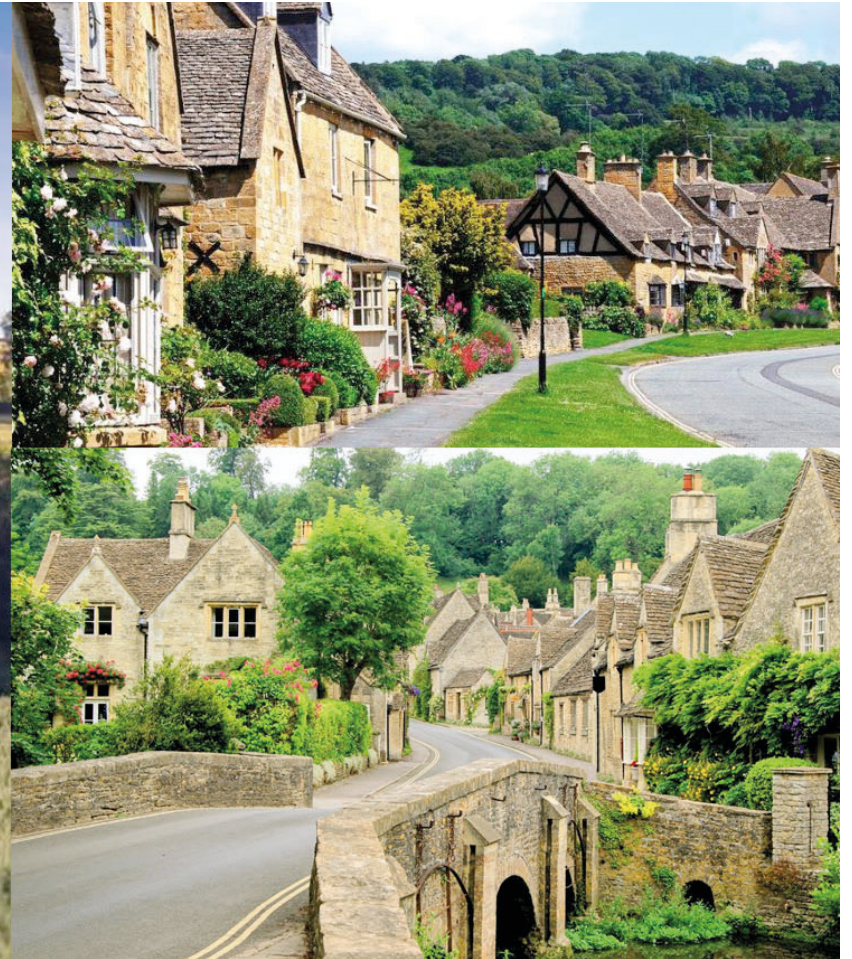

Galleria d'arte cittadina

FONTANA DI NETTUNO

Fu costruita nel 1893 da Joseph Hall, che si ispirò alla Fontana di Trevi

CHELTENHAM COLLEGE

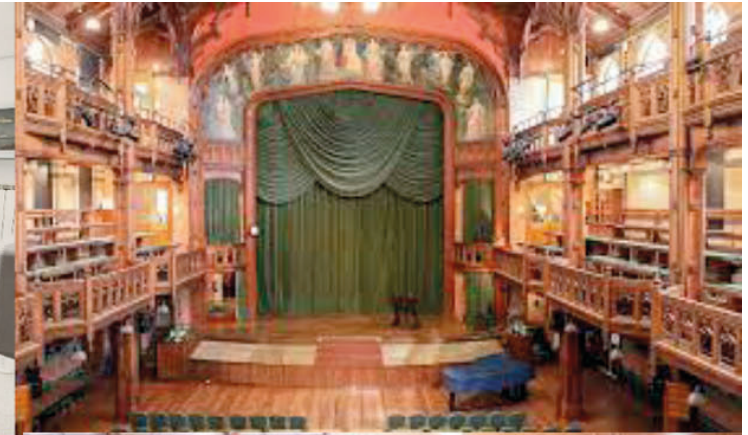

Il Cheltenham College è stato fondato nel 1841 e sorge a circa 750 mt (soli 10 minuti a piedi) dal centro della cittadina di Cheltenham

E' una realtà dove edifici antichi e moderni sono perfettamente integrati tra loro in un ambiente sicuro per gli studenti. Circondato da verde e immerso nella tranquillità tipica della contea inglese del Gloucestershire.

WELFARE PROGRAMME

Il **Dusemond Welfare Team** lavora intensamente per assicurare il comfort e la sicurezza di tutti i ragazzi ospiti del campus. Il Team, che vive insieme agli studenti presso le boarding houses, è addestrato per il primo soccorso e ha stretti rapporti con i servizi medici locali. I ragazzi incontreranno e conosceranno i componenti del Team al loro arrivo in aeroporto a cui seguirà una “house induction” per illustrare:

- Localizzazione delle stanze e modalità di accesso
- Common room della Boarding House
- “Do’s” & “Don’ts” house rules
- Uscite di emergenza e relative esercitazioni antincendio pianificate
- Codice di condotta
- Uso della lavanderia
- Raccolta delle esigenze particolari di natura medica o alimentare
- Coprifuoco e quiet times

Academic
Director

Dusemond Study Programmes promote a growth mindset, task-based learning, with emphasis on empowering students to see the positive potential for growth in both themselves and others.

The 7Skills Leadership Programme is designed to prepare today's teenagers for tomorrow's real world. Positioning leadership as a reflective practice requiring continuous self-development, this programme is structured around 7 core skills that will help them grow into better leaders.

Seven Skills Leadership Programme

CEFR B2-C2

Team building

It is essential for students to understand how team building can help them build a better future. A good team is made up of introverts, extroverts and many different personalities and strengths. Our Team building activities allow students to learn about each other and themselves.

Active Listening

A great leader, has the ability to connect with team members through soft skills — such as active listening. Promoting a healthy communication between leaders and team members establishes a foundation for trust.

Effective Communication

The effectiveness of communication is defined not by the communication itself, but by the response. Start thinking about who you're trying to reach, what you want them to do, how they're going to respond and even 'whats in it for them?' to become a better communicator.

Creativity

Creativity in a leadership context is the ability to create and realise innovative solutions, especially in complex or quick changing situations. Creative leaders have an artistic way of thinking, innovative ideas and a willingness to fail many times to discover what really works!

Empathy

Empathy is the ability to understand another person's experience, perspective and feelings. Empathy enables us to know if the people we are trying to reach are actually reached and it is without doubt an essential quality for competent leadership.

Charisma

Charismatic leaders tend to be able to see the gaps between what an organisation delivers to its team and what the team need from the organisation. They create visions that can easily be understood, which will result in a motivated team that is willing to work towards to a common goal.

Critical Thinking

Critical thinkers are inquisitive and look to find the what and the why behind every proposition. They adopt different perspectives and see potential. Critical thinkers have a creativity that allows them to see opportunities where others see obstacles, realise a potential where others may not, and seize opportunities through prompt decision-making.
